6. Oral and Written Communication

10

7. Overall Scientific Ability

9

8. Please write (or copy and paste) your reference letter below. You may provide information that speaks to the applicant's ability to successfully complete a graduate program.

Dear,

I have been working with Jaime since November 2019 at Harman Environmental Laboratory, and I have always been impressed with his developments to support the validations and to work well with his colleagues. I have been Jaime's functional manager. He support in day-by-day solving software issues with test racks and

training Techs. He has an excellent rapport with his co-workers, and they enjoy working with him.

Jaime developed an application to monitor test chambers remotely; such application has been very helpful to keep running tests during the weekend and for problem solving.

Please feel free to contact me by email (Jorge.sanchez2@harman.com) or cell phone (+524422633053) if you have any questions.

Sincerely

Jorge Sánchez
